## SUMMARY

Frontend Developer with experience in developing and maintaining web applications. Focused in HTML, CSS (Tailwind, Bootstrap) and JavaScript (React, Vue, TypeScript), but also knowledgeable in many other techs and stacks. Demonstrated ability to design and build intuitive user interfaces and improve performance.

Seeking a position where I can utilize and improve my skills and experience to bring value to a team.

## EXPERIENCE

### Frontend Developer

Velux

July 2023 - Present, Budapest, Hungary

- Worked on solutions for the company's e-commerce, marketing sites and more, used in more than 30 countries.
- Utilized HTML, CSS, TypeScript, Vuejs, Pinia and Tailwind for the development.
- Turned wireframes and mock-ups into reusable code and building high-quality UI components with scalability in mind.

### IT Analyst

Tata Consultancy Services

November 2021 - July 2023, Budapest, Hungary

- Providing IT solutions to customers worldwide, diagnosing and solving software-related issues for thousands of users from one of the world's biggest mining tech companies.

### Full Stack Developer intern

GrowinCo.

March 2022 - May 2022, Brazil (remote)

- Collaborated on frontend and backend programming activities for the company's new website: growinco.com.
- Used Angular, Node.js, MongoDB, and Express.js to develop and maintain the website.
- Assisted with the design and implementation of new features to improve user experience.

### Frontend Developer junior

MedSul Saúde

January 2021 - September 2021, Brazil

- Worked on creating a PWA application to support thousands of users.
- Used HTML, CSS, JavaScript, C# (ASP.NET MVC), Bootstrap and jQuery to develop and maintain the application.
- Improved user experience by implementing responsive design and clear step-by-step processes.

### Web Developer intern

MedSul Saúde

July 2020 - January 2021, Brazil

- Created and maintained responsive web designs for the company's systems.
- Utilized HTML, CSS, JavaScript, Bootstrap, and jQuery to develop and maintain the company's website.
- Assisted with the gathering and analysis of requirements for new web projects.
